Good practice: write code that a computer can understand. Good programming: write code that a human can understand.

Good practice: semua aset CSS di-inline atau diakses melalui URL absolut agar PDF converter bisa me-render style dengan benar.

Good practice: Beberapa font custom mungkin tidak di-render jika tidak di-embed atau diakses via CDN.

Good practice: Koneksi ke printer gagal. Pastikan QZ Tray sudah berjalan di background.

16 Complex Layout & Watermark

--	--	--	--	--

Ini adalah area konten utama. CSS Grid layout ini menguji kemampuan converter dalam merender grid dua kolom secara akurat di PDF output.

--	------------------------------------	---------------------	--

Watermark Test: Dokumen ini mengandung watermark teks "CONFIDENTIAL" yang dirender menggunakan CSS position: absolute opacity . Pastikan PDF converter dapat me-render positioning absolute dengan benar di dalam container relatif. Ini juga menguji rendering teks semi-transparan (opacity rendah) pada background putih.
